

BAGGING SOLUTIONS

- VFS BAGGERS
- HFS BAGGERS
- HORIZONTAL BAGGERS

The XPDIUS Elite Series of VFS baggers are designed for high speed applications. Using a dual servo drive, the Elite offers smooth operation and precise control and positioning of the film. Newly designed hinged electrical panel allows for easy access for servicing and maintenance. Available in two models, XP Elite 800 and XP Elite 1200.

XPDIUS Elite

Vertical Form Seal Machine

FEATURES

- Servo drive pull belts and sealing jaws
