VFS BAGGERS

■ HFS BAGGERS

HORIZONTAL BAGGERS

The Swifty R2B Horizontal Form Seal Bagger integrates bag making, filling, sealing, and printing in one automatic process thus increasing productivity and reducing labor and film costs. Eliminating the need to purchase pre-made bags, the Swifty R2B uses laminated roll stock film to create a variety of different pouch styles including; flat-bottom, stand-up, 3-sided seal and 4-sided seal bags with or without zipper closures.
